Easy-to-Use  
SMARTer

# INTRODUCTION

# 1

### YOU'RE OUR CUSTOMER!

With customers in virtually every facet of manufacturing, we've established ourselves as one of the premiere suppliers of Job Control, Finite Scheduling, and Real-Time Data Collection software.

We don't leave you in the dark once you purchase software. We offer a Communication Exchange Benefit with our experienced support team, who is always ready to help.

We also offer personalized training to make sure that each customer knows how to best utilize SMARTer Manager in *their* company in the best way possible.

## Welcome. . .

### . . . TO YOUR ABSOLUTE ANSWER FOR MANUFACTURING MANAGEMENT SOFTWARE

We empower manufacturers to integrate everything from the front office, all the way to the plant floor.

The challenge in manufacturing has always remained the same – how to manage production to achieve high margins and at the same time deliver great customer satisfaction.

At SMARTer Manager we understand these challenges and have been solving them since 1987 – that's 25 years of manufacturing management success!

Our fully-integrated solution is highly modular,

scalable and configurable – ideally suited for job shops, make-to-stock, make-to-order, assemble-to-order, engineer-to-order and repetitive manufacturers.

Our goal is to help you build your business. Our software was made to grow with you right out of the gate. Whether you have 10, 100 or 1,000 employees you are scheduling, or whether you are producing hundreds or tens of thousands of products, SMARTer Manager can integrate and manage it all under one umbrella.

## small investment. . . big return...that's SMARTer!

### BUSINESS INTELLIGENCE

SMARTer Manager gives users the ability to view, access and sort all of their business essential information in one convenient, organized location with the SMARTer Manager Business Manager. Forget about the canned reports and graphs – view your detailed company information in the format that you are accustomed to.

### CUSTOMIZABLE, CONFIGURABLE

Customize the layout, look and data fields within SMARTer Manager. Use the SMARTer Report Writer to edit reports, and use the Business Manager to configure your very own user startup page. Make links to just your areas of the software and then to all of your necessary resources – including FedEx, UPS, Microsoft Word or Excel. Wherever you need to go, it's on your own customized SMARTer startup page.

### REAL-TIME INFORMATION

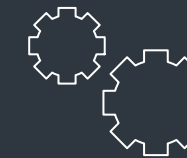

With other software, real time often means "after the batches are processed overnight." With SMARTer Manager, real time means "right now, as it is happening." We understand you need live data *today* – so that you can react to changes as they are happening, not *after* they happen.

### WITH SMARTER MANAGER, IT'S EASY!

SMARTer Manager is built around the philosophy that even the most powerful features and complex issues can be easy to master with a carefully and thoughtfully designed product. We sincerely believe that you will find no finer system design or user interface on the market today, and we would love to show you why. Examine how we open up a whole new world of possibilities for companies just like yours. SMARTer Manager is the complete, integrated suite of software, supply chain velocity, and support services you need to:

# It's Easy!

- \* Reshape manufacturing operations and processes
- \* Strengthen plant-floor visibility
- \* Empower your employees
- \* Influence buying decisions and purchases
- \* Uncover new markets and new customers

### WITH SMARTER MANAGER, IT'S EASY!

SMARTer Manager is built around the philosophy that even the most powerful features and complex issues can be easy to master with a carefully and thoughtfully designed product. We sincerely believe that you will find no finer system design or user interface on the market today.

### SMALL INVESTMENT. . . . . . BIG RETURN

SMARTer Manager provides a low-cost, easy-to-implement business and manufacturing system. We enable manufacturers with complete product and real-time visibility all across your supply chain. We empower manufacturers to integrate everything from the front office all the way to the plant floor.

### OUR TEAM IS ON YOUR TEAM

We provide support, training and services to improve technology, automate the plant floor, and beat out your competition to market.

We are confident that SMARTer Manager can help you increase your profits and reduce your bottom line. Take a few minutes to make yourself familiar with all that we can do.
