You can count on

Manufacturing Management Software

MAKE IT SMARTER, START TO FINISH

The challenge in manufacturing remains the same – how to manage production to achieve high margins and customer satisfaction. We understand the challenges & have been solving them for 25 years.

Solutions to everyday challenges, fully integrated so you & your team know the status of every aspect of the manufacturing process making you SMARTer start to finish.

From the front office, all the way to the
plant floor,

We do it all!

**SMARTer
MANAGER**

SMe Software has developed what we believe is the industry's finest, state of the art, manufacturing management software. Whether you're a job shop, repetitive manufacturer or a little of both, SMARTer Manager™ can simplify your life.

Since 1987, beginning with Smart Shop - until today, with the latest development of SMARTer Manager™, the SMART family continues to evolve and grow into your best solution for a fully-integrated manufacturing management software package.

SMARTer Manager™ offers a wide range of capabilities and a more complete manufacturing management software solution than any other manufacturing software technology for 32bit or 64bit. Unparalleled functionality at a fraction of the cost and the ability to implement, execute and operate across any manufacturing enterprise with one single solution. SMARTer Manager's™ innovative applications are completely scalable for job shops or larger product oriented organizations.

CUSTOM SOLUTIONS

Our development services are available to address the creation of custom extensions to SMARTer Manager™.

Data Conversion and the development of specialized data access/integration utilities are examples of the kinds of SMARTer Programming we often encounter.

SUPPORT SOLUTIONS

When you need assistance, expert help is just a phone call, click, email or fax away.

For quick access to knowledgeable professionals, our communication desk is staffed by analysts with an average of more than 10 years experience.

More than 90% of our calls are connected directly to an analyst, providing our customers with assured, accurate and timely solutions.

TRAINING SOLUTIONS

SMARTer Training is available on-site at your shop, through our regularly scheduled training classes at our training facility, and via live, online, custom webinars.

All SMARTer Training is scheduled to meet your training needs and implementation deadlines.

DELIVERING ON THE PROMISE SINCE 1987, HOW CAN WE HELP?

A majority of our customers have been with us fifteen (yes, 15) or more years. Why? Because we provide solutions to their manufacturing challenges. We are on a first name basis with them, their vendors and their team. We understand their business. We are there for our customers when they need us and we don't let them down.
